FOR GIRLS AND BOYS, GREAT BUILDERS OF PEACE

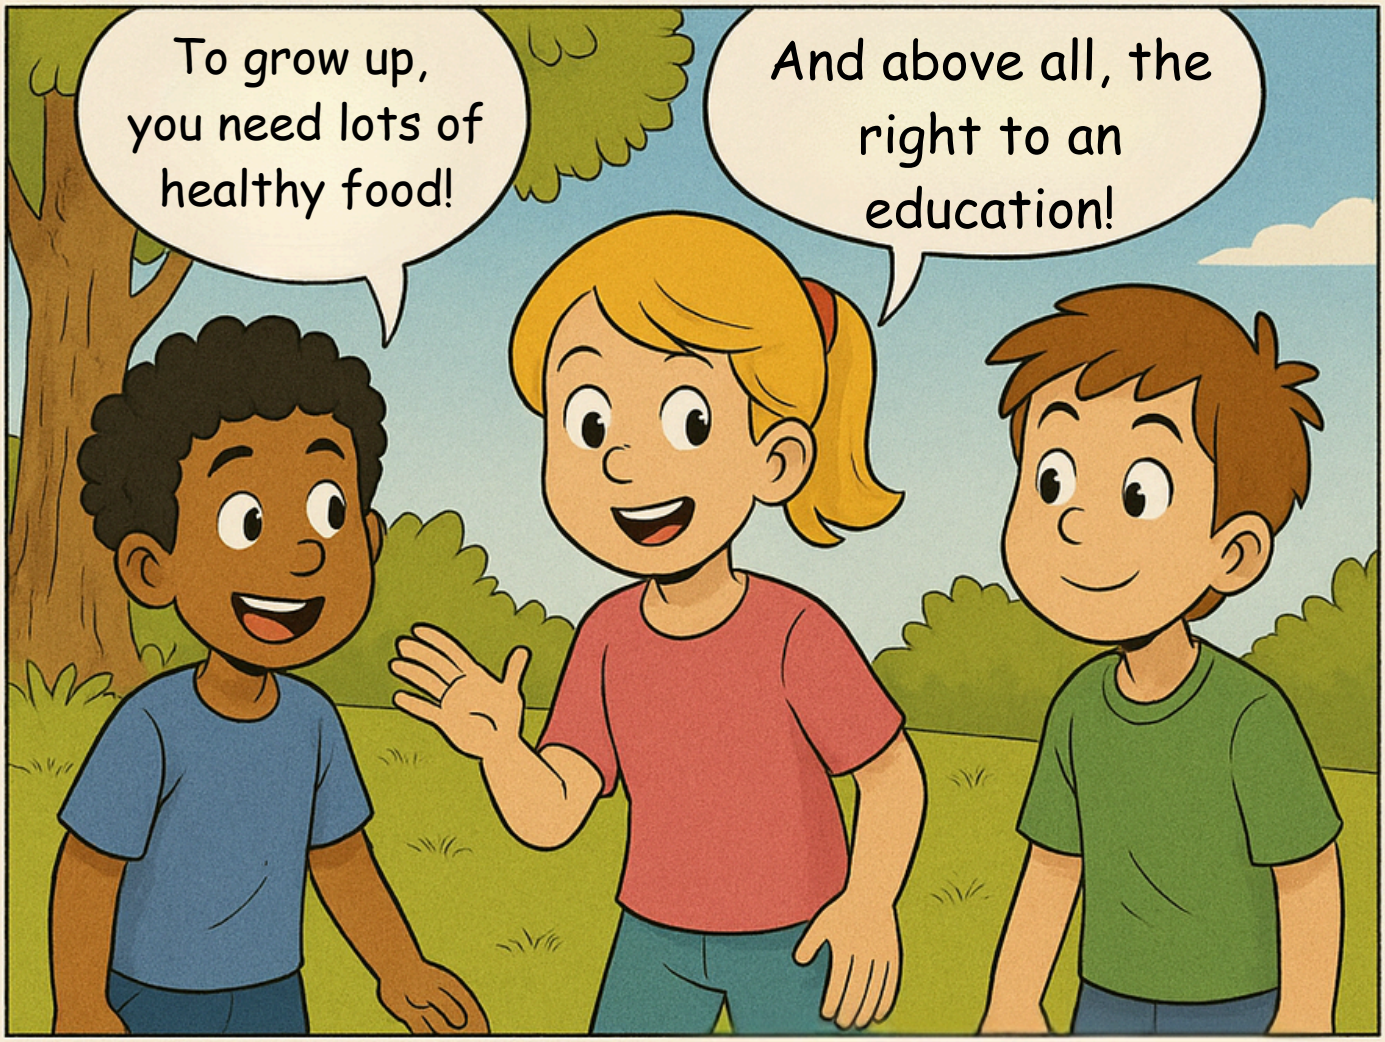

MCE - NATIONAL GROUP OF EDUCATION FOR PEACE AND NON-VIOLENCE

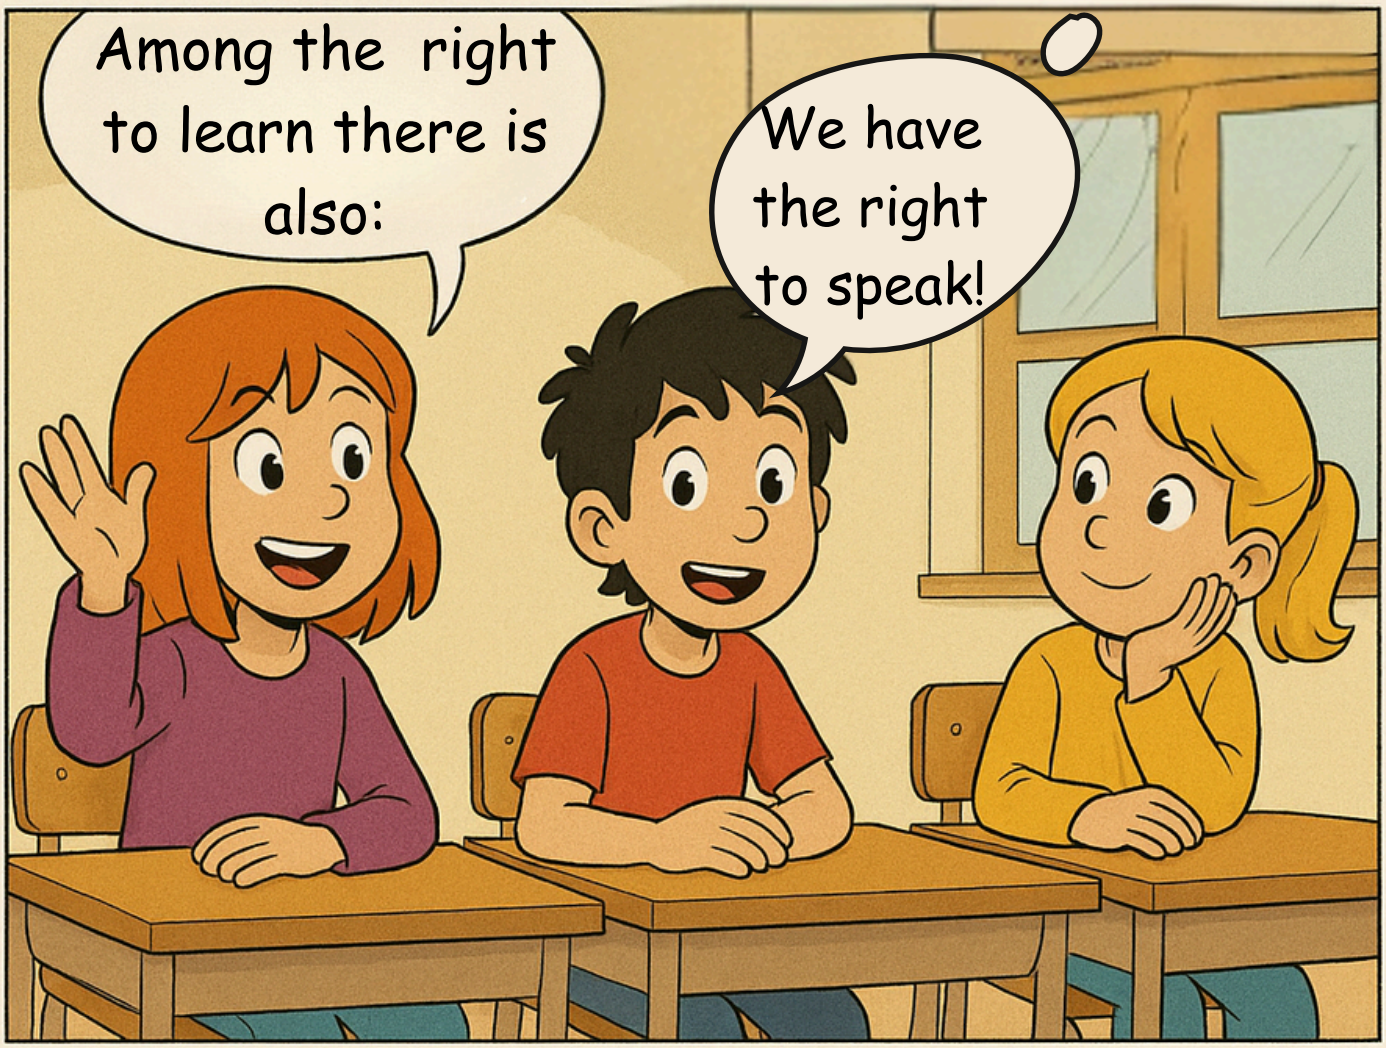

UNIVERSAL DECLARATION OF THE RIGHTS OF THE CHILD OF 1959
CONVENTION ON THE RIGHTS OF THE CHILD OF 1989
Children, these are international documents that recognise you as citizens with rights
Does that apply to younger children too?
Yes, of course!
WOW!

Does that mean we can make suggestions to change things?
Yes! We can start with our class, our neighbourhood... and even beyond!

But what are our rights?
Many ones : to have a family, to be equal, not to be discriminated against...
DECLARATION 1959
CONVENTION 1989

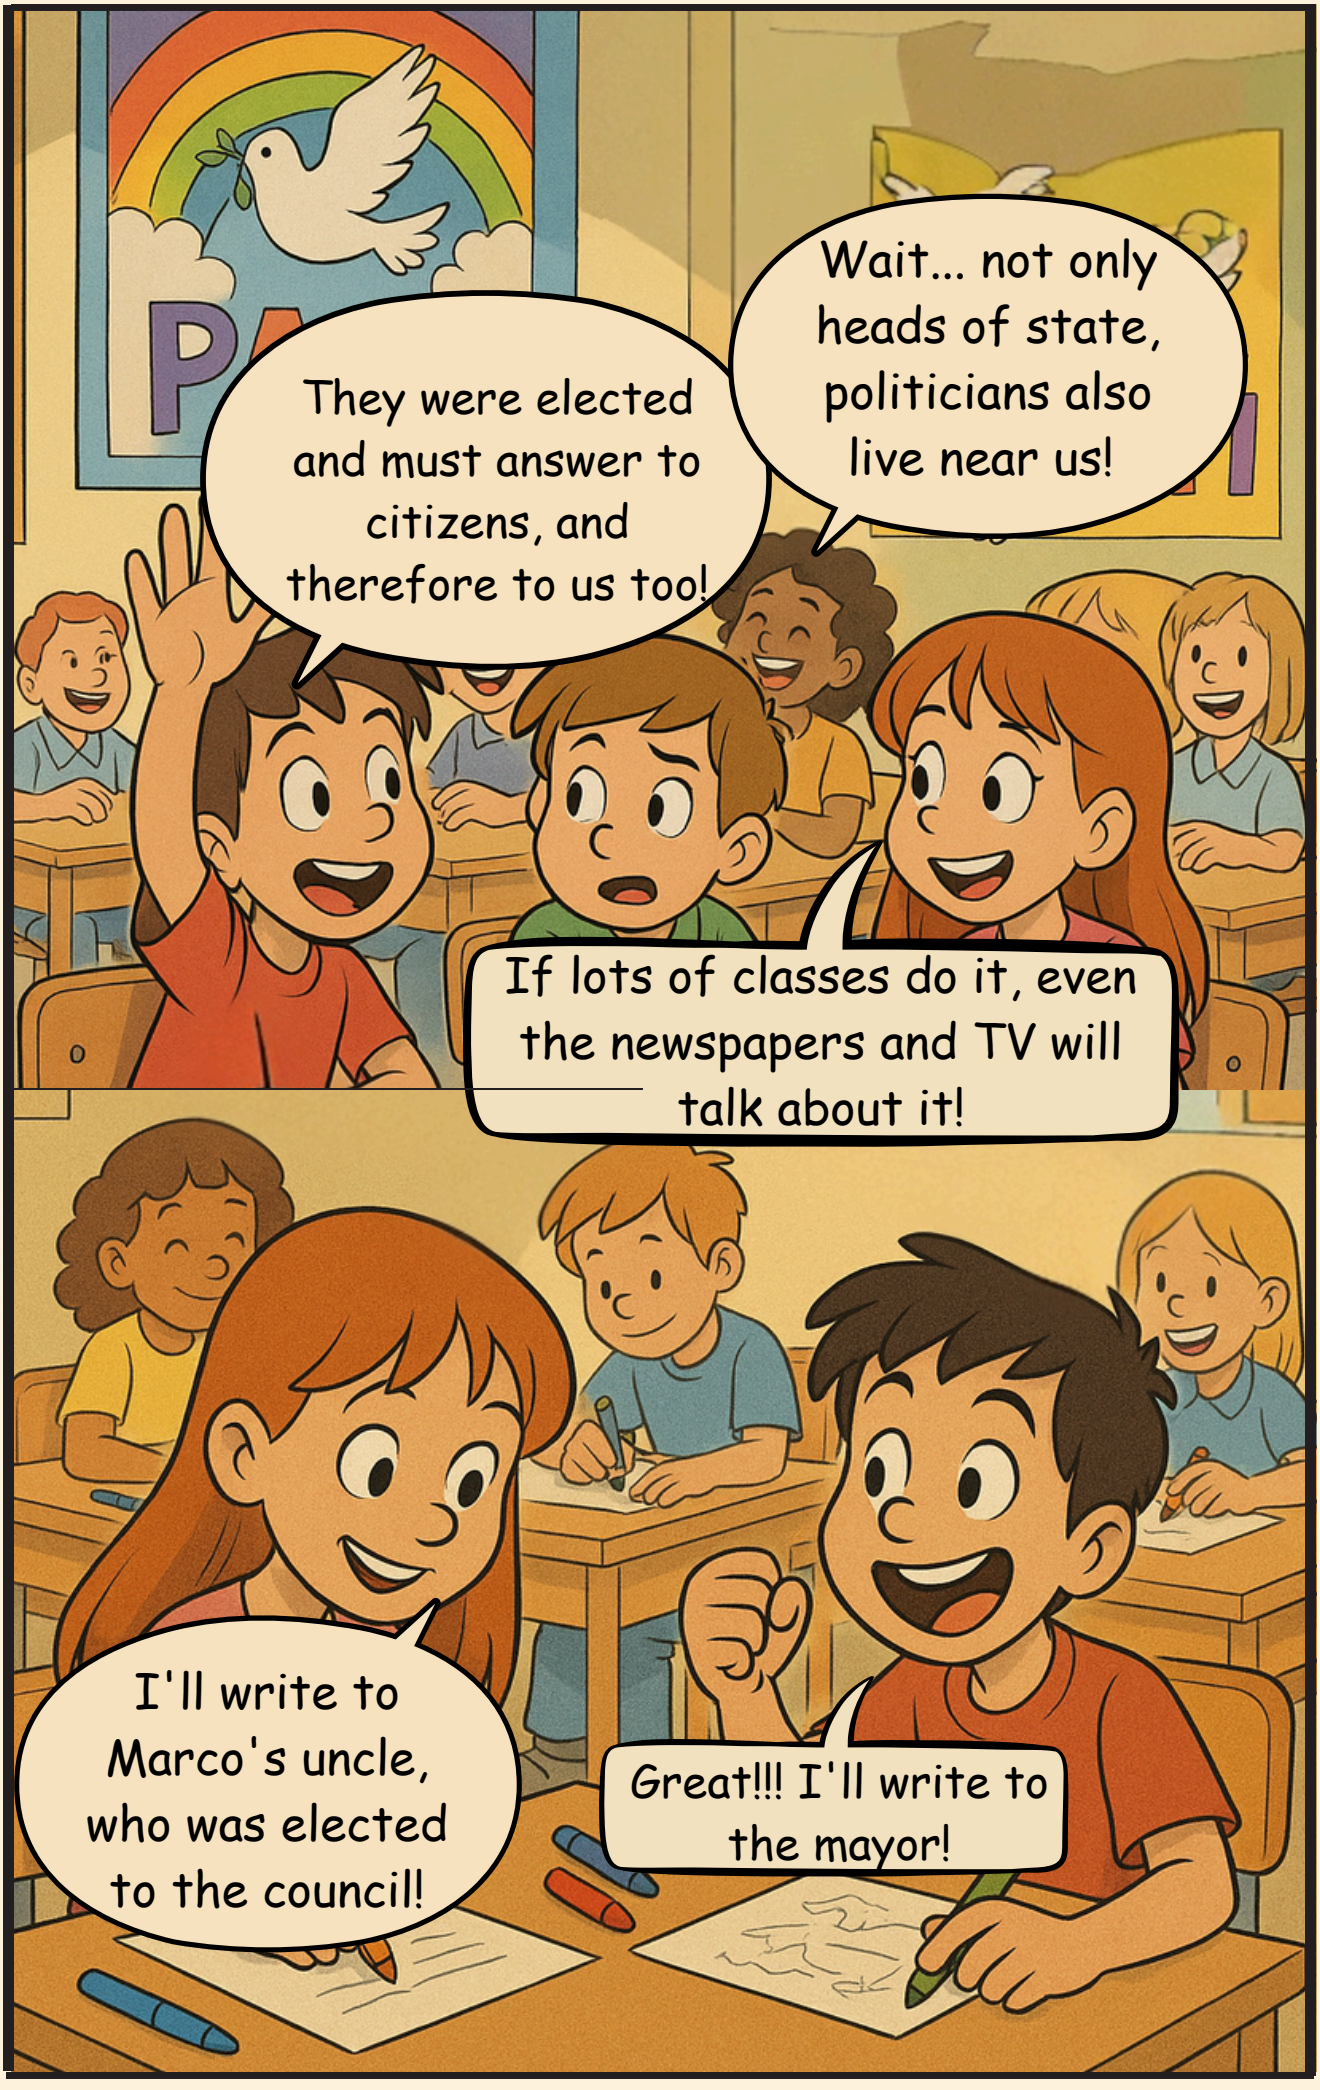

The first right of children is that you, the State, must guarantee me everything I need to live!

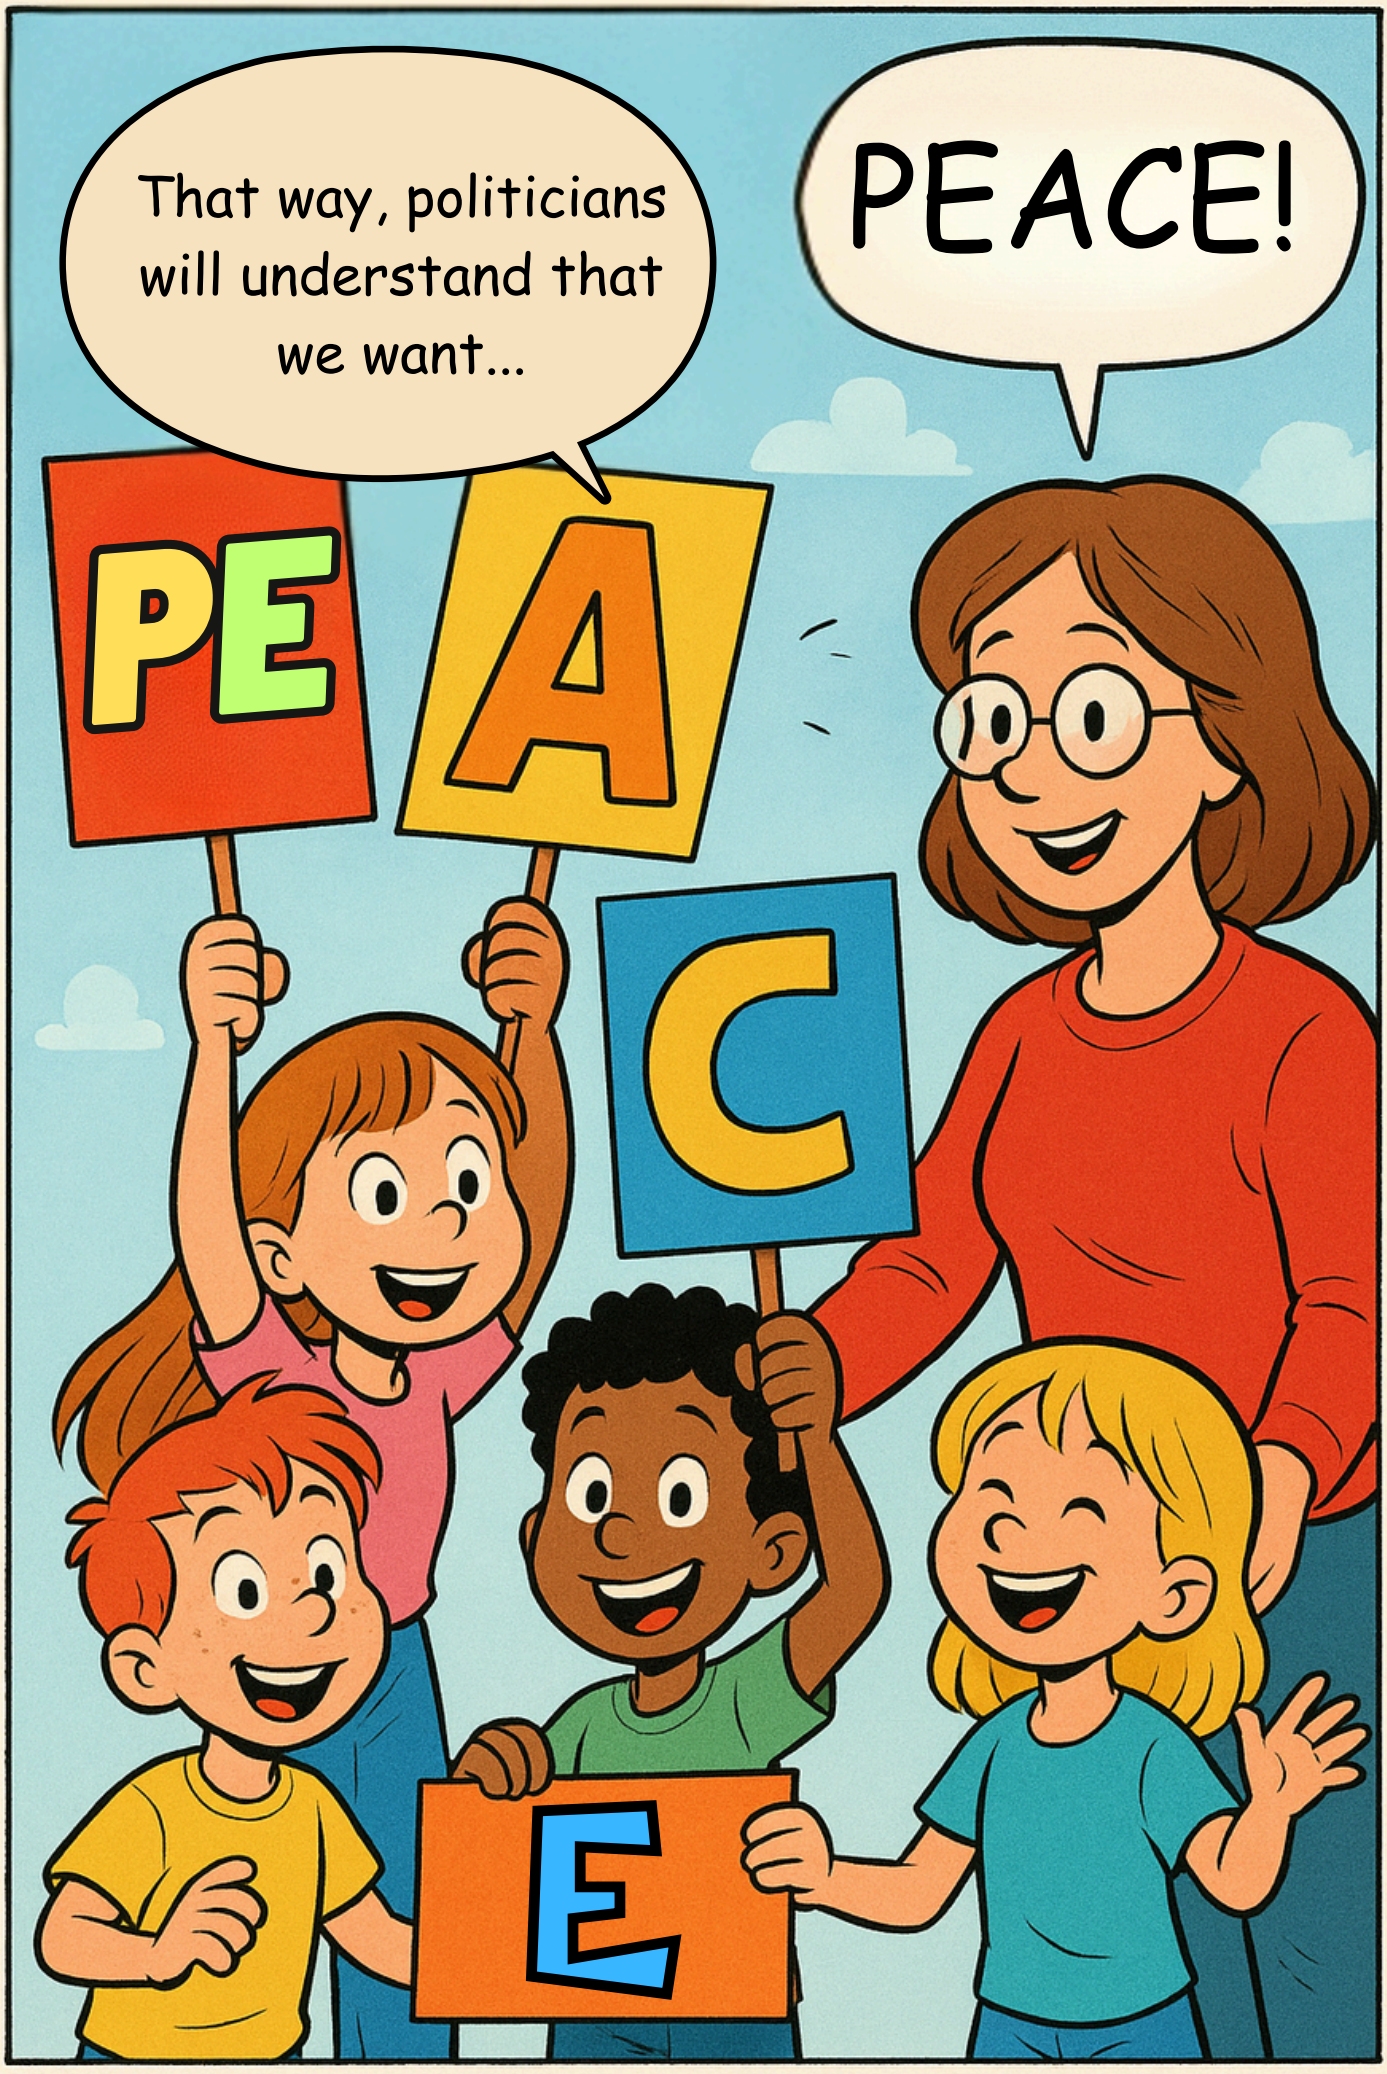

To grow up, you need lots of healthy food!
And above all, the right to an education!

Among the right to learn there is also:
We have the right to speak!

There are too many terrible wars in the world!
War is the worst thing of all!
Children in war-torn countries cannot go to school!
But we can make our voices heard!

We can write a letter to the heads of state
Great idea! The children will write the letters!

Wait... not only heads of state, politicians also live near us!
They were elected and must answer to citizens, and therefore to us too!
If lots of classes do it, even the newspapers and TV will talk about it!
I'll write to Marco's uncle, who was elected to the council!
Great!!! I'll write to the mayor!

That way, politicians will understand that we want...
PEACE!
